Slat Cleaner TruTool TSC 100

Work Smarter - Not Harder

With the TruTool TSC 100, you can clean your slats quickly and effortlessly. This ensures reliable, high-quality production of laser-cut components. The slats do not need to be removed for cleaning. This is practical and saves you time. It takes approximately 30 minutes to clean an entire standard size pallet of 60 x 120 in.

Cost reduction up to 75%

With the TruTool TSC 100, you can clean slats multiple times before they need to be replaced.

TRUMPF

Outstanding results

TruTool TSC 100 removes the slag thoroughly, even on slats that are subject to high loads.

Simultaneous cleaning & production

On laser cutting machines with pallet changers, you can clean the slats during the cutting process.

1-man operation

The long machine handle enables you to clean the slats effortlessly by yourself.
